SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Brunson Elementary is proud of our many accomplishments during the 2009-2010 school year. We met 13 out of 13 objectives for AYP. As an Arts in the Basic Curriculum (ABC) School we have achieved notable arts education milestones this year. An ABC Grant from the South Carolina Arts Commission has allowed us to implement an arts integrated curriculum school wide. All students attend classes in visual arts, music, drama, and dance. Specialists teach special area classes and they focus on their pure art form. Academic classes use the arts to teach the state standards. Classes utilize cooperative learning, rigorous instruction and higher-level thinking skills.

Our school is built around the philosophy that all children have the potential to be successful if the opportunities are provided to challenge them. The arts offer such an avenue for them. All children thrive when they dance, dramatize, sing, play an instrument, draw, paint, and capture chronicle events through creative writing. When these opportunities are coupled with the academics, learning comes to life.

Brunson Elementary contributes its success to our school-wide arts approach. The arts allow students to discover their talents and strengths. They find success by participating in hands-on classroom experiences. Our students develop strong reading and math skills and a comprehensive understanding of science and social studies. Their confidence soars as they grow through opportunities to be on stage and perform in public. The collaboration between classroom teachers and special area teachers provides an opportunity for standards to be taught in all facets of the curriculum.

Our parents are our true partners in our success. They work with us to ensure that students are at school every day and support our activities. Without the support of our PTA, School Improvement Council, volunteers, business partners, and the surrounding community, we could not offer our students such varied opportunities. We are grateful for the strong support of our parents who are very committed to the learning process. At BES we are proud of our successes and strive for excellence in all facets of educating our students.
